VOULME NUMBER 81. CAMERON, MILAM COUNTY, TEXAS, THURSDAY, APRIL 17, 1941. EIGHT PAGES TODAY NUMBER 1.

SOUTHWESTERN LIFE IS INVESTOR IN MILAM CO

Southwestern Life Insurance Co., has invested heavily in Cameron and Milam county securities.

Through its local representative, S. E. Brogdon who has been with the company for 24 years, a number of interesting facts are available on this Texas insurance company.

It has the lowest lapse ratio of any insurance company in the state. The company owns Cameron city bonds and Milam county Road District Bonds in No. 14 and 16 districts. The company is proud of these investments.

In 1930 Texans bought ten per cent of their life insurance from Southwestern and in 1940 Texans bought 14 per cent of their life insurance from this company. There are more than 100 companies operating in Texas. There are over 2000 satisfied policy holders of Southwestern in this section.

Southwestern Life Insurance Co. believes that insurance business should be carried on by life insurance men trained and experienced in the business. Untrained and disinterested, except for the commission, employes are detrimental to the public.

The United States has both the strongest and the weakest life insurance companies in the world. During the past 6 years there has been a marked increase in buyer discrimination in the selection of companies in which to own life insurance. This has resulted in stronger companies becoming stronger and weaker companies becoming weaker.

Southwestern Life is one of the giants of the nation and is the giant in Texas, able and willing to cooperate with Texans wishing to arrange their life insurance in the manner most pleasing and beneficial to insured and beneficiary.

DAY BY DAY

Things We Want to Say

The Good Old Wall Street Journal, standing out like a strong fortress in a beleagured world, says:

"Settlement of the Ford-CIO dispute is a signicant milestone marking the end of a long and rough road. Mr. Ford has been the very type of industial genius coupled with extreme individualism, and his achievement over the last forty years stands in a class by itself on many grounds. He has stood out longer and more stiffly than has any other industrialist against the trend of the times, and his yielding now to the inevitable is tantamount to the fall of the innermost citadel in a long besieged city.

"It cannot—to continue the metaphor—be regarded as anything but an honorable surrender, and the best feature of the peace terms is the entrance of arbitration. His men will now have a chance to vote their wills as to unionization, for the Labor Relations board is to hold elections. The result of these should be of great interest. For the first time his enormous army of workers have opportunity to express their preferences between the organzations seeking their support. Will it be CIO, will it be A. F. of L. or neither?

"One thing seems clear in any event. The verdict of the ballotboxes, whatever it may be, will have to be accepted by the organizations as by the Ford Company. The public is in no mood for any more interference with defense work by jurisdictional strikes. What the colored philosopher called "co-operation with the inevitable" is the order of the day. Mr. Ford has fallen into line with it, and his late antagonists had better make up their minds to do the same."

BIG CROWD ATTENDS BEN ARNOLD DEDICATION

More than 500 people heard Dr. L. A. Woods, state superintendent of public schools strike the keynote on Monday evening's Ben Arnold High School dedication ceremonies when he said "Our public schools are the only institutions which can and must teach people to intelligently support democarcy."

Dr. Woods lauded the National Youth Administration, which demolished the old brick school and constructed the new 8-room building from the salvaged materials with local NYA boys.

Charles L. Caldwell, Waco area director of the NYA, in presenting the building to Supt. C. T. Bridgewater of Ben Arnold, pointed out that the NYA work experience program develops ideals and skills out of school youths to enable them to become better and busier citizens.

The Cameron High School 62 piece band, directed by Francis Cox, gave a concert followed by the formal dedication program.

SLAVS, GREEKS AND BRITISH HOLDING ON

War in all its bloody destruction raged in the Balkans today as British, Greek and Yugoslav forces were locked in combat, the fierceness of which had not been exceeded since the war began.

The Germans claimed to have broken through a vital sector of the British and Greek front.

The British and Greeks said their armies were holding everywhere and that Germany was paying a heavy toll.

So fierce had become the resistance of the British and Greeks that Hitler could not longer rely on present force. A million men or more are reported scheduled for the Balkan theatre.

The slopes of Greece's mountain ranges were red with blood and the Germans pressed on heedless of the sacrifice they apparently were called on to make for the advances earned through the lines.

Capitulation of the Yugoslavs, claimed by Germany, now seems to have been a German propaganda skit. Actually the Slavs are putting up a good fight. Regardless of what may develop within the next few hours, the Slavs are still very much in the fight.

The Daily Herald heard that Britain is re-inforcing her army in Greece and the story of evacuation seems to have been a German claim.

On the whole the picture was black for the Allies but a battle is raging, the intensity of which may not have been exceeded in all time wars.

British sea power blasted 8 Axis ships out of the Mediterranean. Three of the ships were Italian destroyers. Not a single ship eescaped. The British lost a cruiser and promptly admitted it but disposed of the entire convoy and escort.

The British said they had thrown back the Germans in Africa. The fort at Tobruk was still holding out and the British were said well on the way to recoup in that theatre of war. Surrender of 76,000 Italian soldiers in Ethiopia was negotoated by their commander.

Elhiopia is free. Hailee Selassie, the Lion of Judah, is now in his capital and for the present the ancient kingdom has been restored, thanks to British courage.

London was digging out of ruins as the Germans visited the English capital in the worst bombing of the war.

Sanders Tells Rotary Greatest Scourge Is Getting In Rut

The worst thing that can happen to a city is getting in the rut, so said Rev. C. W. Sanders, pastor First Baptist Church, in an address to the Rotary Club Wednesday.

Getting in a rut can happen to destroy the individual as well as a community Rev. Sanders based his talk on a contest held in an American City. Thousands of causes were listed. The leaders had asked for suggestions on what is the greatest calamity that could befall a city.

A newsboy, so the story goes sent in the suggestion written on the margin of a paper. It read: Getting into a rut and becoming as dead. With comments and development Rev. Sanders brought the Rotarians an alert message. He was introduced by Richard Hester, program chairman for the day.

Postmasters to Meet Here on April 18th

Postmasters in Milam county will be guests of Mrs. John Henry Thomas of Gause in the Cato cafe in Cameron on April 18th.

Mrs. Thomas is postmaster at Gause and takes her turn at entertaining the postmasters.

The last banquet was held at Detmold when V. F. Norris, postmaster at Thorndale, was host along with Mrs. Norris and their daughter, Floy Lillian.

There will be a number of guests and plates will be laid for that number.

Jeff Cammer who recently graduated at Chanute Field in Illinois in the air mechancial school is home for the week end to see his father and mother, Mr. and Mrs. Jeff Cammer, Sr. He expects to be transferred to some other point in the air service and will graduate to get a pilot's license in a short time.

WITH THE BAPTISTS

Our Revival services were concluded last night, and we are grateful to everyone who contributed to the success of the meeting. There were seventeen additions to our church and we rejoice as the circle of our church family gets larger and larger. We appreciate the efforts of the group who filled our choir and the special numbers rendered at each service.

We trust that the fine spirit engendered will continue and that those who are forgetting God, spurning the blood of Jesus, rejecting Him and neglecting the church, will still make a decision for Christ.

Plans are being made for a Memorial Service next Sunday for Mrs. Minnie B. Benderson.

Mrs. Sanders had as her guests for the week end her sister, Miss Maudess Feazell and Miss Mary Lou Beard and Miss Josephine Ross who are students of SFA College at Nacogdoches.

Father O'Connell Speaks to Knights Of Columbus Here

The last regular meeting of the Knights of Columbus had the privilege of hearing Rev. A. G. O'Connell of Burlington. He had an important message for all present. He is well versed in the actvities of the Knights as he was chaplain of the Galveston council for several years and held an attendance record for his attendance there. Since the Knights are sponsoring a Boy Scout Troop and his work there also included boys work he will be of valuable aid to the local troop. Due to this week being Holy Week celebrated in the Catholic Churches the regular meeting was postponed until next week. Plans are also being made to have a Field Mass here on Columbus Day in October. This meeting was presided over by the Grand Knight Rudolph Richter and closed with a prayer led by the local chaplain Rev. Geo. J. Duda.—Wm. J. Parma.

Why does a Golf Ball bounce?

EVER notice that a golf ball, when you drop it, bounces higher than something hollow, like a tennis ball?

That's partly because of internal *pressures*, which also have so much to do with Buick's extra FIREBALL power.

Rubber threads inside a golf ball are packed *tight*, highly compressed. When flattened against a hard object, like a sidewalk, they come back harder, with more push, and so the ball bounces higher.

A similar thing happens inside a Buick FIREBALL straight-eight cylinder.

Fuel compression *pressures* are higher here than in any other standard-production automobile engine.

So when the spark jumps in the tightly-packed, fuel-fat ball of gas-mixture at the top of the stroke – the Buick piston goes rushing down with *more* push, *more* shove, *more* power than the same amount of fuel gives up elsewhere.

Result: every Buick engine travels farther per gallon this year than the same-size engines did last year, while Compound Carburetion* with Buick FIREBALL design gives as much as 10% to 15% more miles per gallon.

In fact, if you're buying any car this year, it's pretty important to see and drive a Buick before you're through; it's Number One in smart engineering as well as Number One in solid, rock-bottom, all-round VALUE!

BUICK PRICES BEGIN AT $915 for the Business Coupe

Miss Harriett Flinn became the bride of Wm. David Craig, Jr., of Austin in an early candle light ceremony Saturday, April 12th at the First Baptist church, Dr. Glenn Flinn of Dallas, uncle of the bride, reading the beautiful ring ceremony.

The church was attractively decorated carrying out the Easter motif, featurning Easter Lilies, white snapdragons and other spring flowers with smilax and ferns banking the altar, and forming an attractive drop curtain from top of celing over the altar where tall baskets held white spring flowers, and a double candelabra shed a mellow glow over the scene.

Miss Lucille Dickard of Austin, presided at the piano and gave the regulation wedding marches; accompanied by Mrs. C. W. Bradburry on the violin, Miss Marjorie Love, on the cello. Price Cross of Austin, formerly of Cameron, sang the wedding solo. Meditation from Thais was softly played during the wedding ceremony.

The bride was given in marriage by her brother, Fontain E. Elinn of Corpus Christi. She was beautiful in bridal gown of white ivory faile, fashioned with sweetheart neck line, long lose fitting sleeve, floor length skirt falling from a close fitted bodice and wore elbow length veil, and carried a shower bouquet of white rosebuds, white sweet peas and Easter lilies. She is the daughter of Mrs. E. A. Flinn, was reared in Cameron and after graduating from Yoe High School, received her BA degree at Southwestern University; is a member of the Delta, Delta, Delta Sorority, and has been associated with the Board of Control for several years.

She was attended by Miss Carolyn Flinn of Corpus Christi, as brides maid, and little Miss Jane Flinn of Cameron, as junior brides maid, niece of the bride, and both wore identical dresses of light green marquisate, and carried bouquets of sweet peas and yellow roses.

The bride groom is the son of Mr. and Mrs. W. D. Craig, Sr., of Austin. He attended A & M College and Texas University, and is with the Board of Control in Austin. James H. Bain of Stockdale, was best man. Glenn Flinn of Tyler, brother of the bride and Rene Paul Henry of Dallas, were ushers.

A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually *gentle*, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

WITH THE BAPTISTS

Sunday ended the time of our revival and we feel that we have had a glorious week of heart searching messages. Seventeen people were added to our number during the week and we rejoice that they came. Those coming were: J. F. Archer, Mrs. C. A. Dockery, Doris Dockery, Betty Jo Dockery, Clarence Wilson, Mrs. Minnie Parnell, Mrs. W. A. Morrison, Jr., Alfred Price, Mrs. Alfred Price, Mrs. Homer Allen, Mrs. W. H. Lovorn, O. B. Hardin, Mrs. J. B. Walker, Chester Critchfield, Anita Maye Dycus and Mary Neeley.

Tuesday morning at 7 o'clock the Pastor and Mrs. Sanders, Mrs. John A. Smith and Mrs. Paul R. Massey left for the State Sunday School Convention in Dallas. The sessions of the Convention were from Tuesday morning to Thursday noon.

How very happy we were made Sunday morning by having a large attendance in Sunday School. 363 people were gathered in our classes. The Cradle Roll Department made an unsurapassed record of having 40 present with only 20 enrolled. Our Training Union attendance was also a high of 106. We rejoice that on on Easter many are moved to come to the House of Worship. Our offering for Sunday was $186.80.

Sunday, April 20 a memorial service in memory of Mrs. T. S. Henderson is being planned. Invitations from our church to the relatives to be present are being sent, and we hope many of their friends will be in our church to make them welcome. Efforts are being made to secure one of her former pastors to bring a memorial message. His name, if secured, will be in our messenger this week.

Our Sunday School lesson subject is "Using Witnessing Power'.' 363 people witnessed for Jesus last Sunday by being present in our Sunday School. Any of us could be that much of a witness for Christ it seems. At eleven o'clock, memorial services. At 6:41 training union. Be with us in training. Peter said, "silver and gold have I none, but such as I have, give I unto three." God help us to train the life that we have. The Sunday evening sermon subject will be "The Empty Pew," the present day church tragedy.

If you are not the church kind of person, you are the wrong kind of person.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends and neighbors who were so kind and helpful during the long illness and at the death of our beloved mother, Mrs. Mary Trojan. We also thank those who sent food and flowers. May God's blessings be on each of you.

The Children.

Charges Are Filed After Sunday Night Fight in Beer Hall

Charges were filed Monday in the court of Justice Womack Brashear against Gilford Shuffield following a fight in the beer hall above the Moore Cafe on Sunday night.

Jack Dockery was taken to a local hospital for treatment of a broken left leg as a result of the fight.

No charges were filed against Furman Shuffield, brother of Gilford who was found holding Dockery's hand as he lay on the floor.

Pete Harwell, Constable, Dan Lunsford and John Eanes, night police, were seated in an automobile near the Moore Cafe when they heard the commotion above. It was understood the men had words and Dockery drew a knife and Gilford Shuffield fired away with beer bottles.

In the struggle which followed Dockery fell to the floor and his left leg was broken above the ankle.

When the officers reached the hall above the cafe, Dockery was on the floor and Furman Shuffield held his hand and arm and called attention to the knife.

Dockery was reported resting well after the doctors had set the broken bones.

MRS. W. E. ALLISON BURIED AT MARLOW

The Death Angel hovered over the home of Wm. E. Allison last week and on Sunday morning April 13th, at 3:25 a. m. took from their midst the loving wife and mother, Mrs. W. E. Allison.

Many hearts were made sad when we realized that she is with us no more.

It is hard to give our loved ones up, but when they are willing to go and we know that rest and peace is theirs, we can say "God's will, not ours."

These few words express more of her spirit than all pens can write:

"Oh, weep not for me," she said
Tho the death damp has dimmed my eye
My Savior's hand is beneath my head;
I do not fear to die.
I am going to my happy home
My earth's work is done,
And I hear my blessed Savior's call
Children follow me home."

Funeral services were held at 2 p. m. Monday, April 14th, at the Marlow Baptist Church with Rev. Layne Caldwell, officiating. Interment was made in Marlow Cemetery with Phillips & Lucky in charge of arrangements.

She leaves to mourn her loss, her beloved husband, W. E. Allison; four children Mrs. Chas. L. Posey of Thrall; E. E. Allison and Mrs. Ross Posey of Marlow community and A. C. Allison of Harbor City, Calif.; also 18 grand children and 13 great grand children.

One son, Wm. E. Allison, Jr., preceded her in death.

Before her marriage she was Miss Lillian Mae Quinney. She was born in Alabama on May 6, 1870, and came to Texas at an early age. She was married to Wm. E. Allison on May 15, 1887.

She became a Christian at an early age and was a member of the Christiadelphian Church and had since lived a consistent Christian. She was known and loved by both old and young and the deepest sympathy goes to those who grieve for her.

REDS AND JAPS ARE IN THE LIMELIGHT

While the world steamed over the Russo-Japanese neutrality pact the war in the Balkins continued with lessened intensity.

The Germans claimed they were still making advances while the Greeks said that Nazi panzer divisions had been thrown back in would capitulate but there was no admission from London that the English army had been surrounded and cut off at Tobruk.

Japan hailed the Russian agreefierce mountain fighting.

The British were bringing up reinforcements by the thousands and it looked like a real battle in the Balkans.

The Germans had captured Bardia by skipping Tobruk where the British were said to await a major battle

The Germans said the British ment as a safety plug for her empire in Northern China. The Russians said nothing. Commentators said it was a bad omen for the Democracies.

Germany hailed the agreement finally as releasing Japan for free action in the far east and said the pact was a slap at America.

In Washington the State Department said the pact was not un-expected.

Only a limited few believed that Russia might also have a free hand in Europe as a result of the pact. Some held it may become a slap at Germany and the United States and Japan reaching an agreement also.

The Yugoslav army, said by the Germans to have been broken up and rendered ineffective, was suddenly in the battle again and was reported to have taken a number of towns held by the Germans.

BRITISH RUNNING OUT ON GREEKS NAZIS AVER

British troops were being evacuated from the Balkans said a German news report shortly afternoon Tuesday.

There were no denials from London. The only comment from the British capital was that the army had fallen back to newly prepared positions.

Another report said the Greek navy had been ordered to stand by to aid in the evacuation.

Hitler announced in Berlin early Tuesday that 24 hours would wind up the Balkan campaign and the British would meet another Dunkirk.

The German official news agency said that Yugoslavia had asked for an amristice.

There was no confiramtion on any of these reports but they were accepted as within the realm of truth because of the servere beating the Gemans have meted to the Allied armies in Greece.

There were conflicting reports. The British have warned the Greeks of German propaganda to split the allies.

From London a report quoted the British government as saying that new reinforcements had been sent to the Balkans and that troops are disembarking at Greek ports hourly.

Based on conditions there seemed little doubt the Germans would clean out the Balkans within the next few days.

Turkey was reported to be taking additional precautions to guard against an attack on the Dardenelles.

In Washington Secretary of War Stimson said the American army and navy must be made ready to fight anywhere in the Western Hemisphere or other places wherever American interest may be jeopardized.

There was a growing feeling in Washington that war was near. If Britain is to survive the United States will be required to enter the war as belligerant.

President Roosevelt was not believed to favor war but public sentiment was said to be growing day by day for more substantial singns of help from this country.

- - - RUDYARD KIPLING - - -

God of our fathers, known of old,
Lord of our far-flung battle-line,
Beneath whose awful hand we hold
Dominion over palm and pine:
Lord God of Hosts, be with us yet,
Lest we forget, lest we forget

Written in 1897 for Queen Victoria's Diamond Jubilee, this patriotic hymn is a solemn warning against the perils of imperialism which was then sweeping over the country. Its stirring message is not only a Peace anthem, but a tonic for true patriotism.

ROOSEVELT IN LATE MOVE TO AID BRITAIN

American ships were permited Friday to go into the ports along the Red Sea.

President Roosevelt by proclamation rescinded a former order keeping vessels out of the waters along British and Italian Samoiland.

It was regarded as a gesture though a late and perhaps useless attempt to aid England.

Whether American ships will be convoyed was not indicated. The British have recently cleared the coast and the President declared the waters to be open for American shipping.

Germany will sink American vessels and may transfer a large part of her submarine fleet into the Pacific.

BRITISH PLANES MASSED IN BITTER BALKAN WAR

The battle of the Balkans was raging Saturday as the Germans made contact with British and Greek defense lines and military observers expressed the view that within the next 24 to 48 hours the fate of all small nations in this area of Europe would be determined.

There were no reports from either Berlin or London regarding the battle which is expected to be the largest and most bitterly fought of the present war.

The Daily Herald learned from an early afternoon broadcast that the Germans are paying a terrific toll in dead for their successful assaults upon the Greeks, Yugoslavs and British.

British bombing planes, flown into battle in the shadow of Olympus by daring RAF airmen, were taking a heavy toll of German mechanized columns and infantry marching up to the battle front.

These reports came from Athens. The British Air Force had gone into battle with every available man and plane, and the sky as well as the earth was a battle ground.

The British have brought up large reserves of men for the coming battle near Tobruk in North Africa where German machanized columns and Italians have succeeded in endangering the allied position.

There was no report on the progress of the battle now in progress, but it seemed fair to speculate that it would be decisive. The British have been placing men and supplies in Greece for almost three months in prepartion for what they believed would be their last chance to maintain a foothold on the continent of Europe.

Turkey was reported continuing to evacuate her nationals from Istanbul on the Bulgarian border. This was taken to indicate Turkey plans to enter the war to fulfill her alliance with Britain.

The government of Denmark today moved to repudiate the signature of its Ambassador in Washington who signed over the continent of Greenland to the United States on Friday.

The United States government, through its State Department, said it would pay no attention to protests of the Danish government be cause that government is under domination and control of Nazi Germany.

It Happens At Midnight . . .

Personification of the new Norge Night-Watch is this burly Bluecoat with his flashlight trained on the clock dial of Norge's exclusive feature providing for the first time in domestic refrigeration history, fully automatic defrosting. Without any attention from the housewife, the new Norge Night-Watch automatically defrosts the refrigerator every night between the hours of midnight and three a. m. The electric clock governs the operation as well as providing the convenience of accurate kitchen time. Defrost water runs into the exclusive Norge Handefroster which needs emptying only once a week. For those who work at night and sleep during the daytime, the Night-Watch may be set to defrost from noon to three p. m. For those who entertain until the wee small hours, Night-Watch defrosting may be cut out merely by pressing the night freezing switch. Marked economy of current consumption by increasing efficiency of refrigerating unit is claimed for the Night-Watch.
